Hyatt Regency San Francisco
5 Embarcadero Center • San Francisco, CA 94111

Pre-Summit Institutes May 29-30, 2025

OVERVIEW

To reduce barriers to care for people who might otherwise avoid seeing a doctor and to provide training to Providers regarding routine health procedures, hormone management, bone health, surgical techniques and complications, voice concerns, pre-pubertal issues, ethical considerations which are unique to the transgender population.

TARGET AUDIENCE

Endocrinologists, primary care providers, PAs, social workers, PhD researchers, psychologists, pharmacists, Advanced Practice Providers (RNs, PAs, NPs)

OBJECTIVES

- Utilize various regimens of providing cross-gender hormone therapy;
- Appropriately advise transgender patients about the range of surgical procedures and relevant perioperative primary care available to them;
- Counsel transgender patients on reproductive health considerations as well as general gynecologic health;
- Improve diagnosis, evaluation and medical management in transgender children and adolescents with hormones and pubertal blockers;
- Apply key management issues in the care of transgender patients with mental health dual diagnoses;
- Integrate current research and evidence based practices in transgender health and mental health care into clinical practice.

FEES

\$325 Full Day Sessions MD (5/30/2025)
